NATIONAL SCHOLARSHIP PROGRAM

“National Scholarship Program offers a wide variety of opportunities to help you achieve your educational goals”

Not everyone is aware of the process for getting a scholarship and in their confusion many parents fail to save on thousands of rupees spent on the education of their children. Scholarship or grants are basically money gifted to students or pupils as a financial aid to help them get through college or university and can be in various forms. Scholarships are different from education loans in the sense that they don't have to be repaid.

about scholarship

Not everyone is aware of the process for getting a scholarship and in their confusion many parents fail to save on thousands of rupees spent on the education of their children. Scholarship or grants are basically money gifted to students or pupils as a financial aid to help them get through college or university and can be in various forms. Scholarships are different from education loans in the sense that they don't have to be repaid. This kind of student financing can be paid either directly to the student or paid to the university or college to make up for the fees. Numerous agencies award scholarships including government, clubs, charities, businesses, schools and even cooperative organizations. Students as well as parents should be aware that it is not only the top performing students who are eligible for such student financing. Actually, almost every student can get scholarships depending on which abilities they possess. Another misconception about this way of financing your education is that it is available only to high school students who are seeking admission in college. In Fact such financial grants are available to all levels of college or university studies, right from freshman years to graduates and even Ph.D. Students.

Scholarships can be applied for on a variety of reasons right from your abilities to your following a

certain religion. The range of this study financing option available include athletic scholarships, scholarships for students in a particular field of study or even scholarships for students living or studying in a particular city or state. The sources for scholarships are also literally unlimited - even a simple internet search would reveal numerous sources.

To get the scholarship you want you need to do some ground work first. The first step is to take the initiative and apply for it. Look for scholarship grants where their criteria match your position and after you find them, contact the provider and ask for an application form. Many scholarship providers allow you to download their application forms from their website while others require you to send a self-addressed stamped envelope.

It is important to follow all the deadlines set by the scholarship providers - for filling in and submitting the necessary forms, providing all your necessary documentation and appearing for an interview if they call you for one. If you are staying organized in your scholarship applications and keep all documents including reference and recommendation letters as well as course transcripts ready at hand, you will not be bothered with the stress that follows when you have to run around for them at the last minute.

Always make copies of all your completed applications before submitting them and file them properly with all necessary details for easy reference. If your mail copy is lost by accident, you can always send in a follow up copy from the one you made. Last but not least, stay positive about yourself and your chances of getting a scholarship. The hard work you put in and the time you spent towards searching for scholarships will definitely bring you decent results.

National Scholarship Program

The National Scholarship Program (NSP) is an academic Scholarship Competition for recognition and College Scholarship administered by APEX Foundation, a Non Governmental Organisation. APEX Foundation conducts two annual competitions for recognition and Scholarships: The National Scholarship Program is open to all students who meet entry requirements. Each year a total of approximately 1000 scholarships are awarded through the National Scholarship Program. The NSP headquarter are located in Bangalore. Its objectives are to provide access to post-school education for all Indians, especially those facing economic or social barriers; to encourage a high level of student achievement and engagement in Indian society; and to build a national alliance of organizations and individuals around a shared post-school agenda. The National Scholarship Program provides fee reduction for students, scholars and professionals to undertake Diploma, Undergraduate Degree and Post Graduate Degree course at any institute to be decided by APEX Foundation. The initial reach of this program had been primarily India, and now the program operates worldwide. The APEX Foundation are required to award scholarships on the basis of a student's academic records, intellectual ability and desire to use their knowledge to contribute to society throughout the world by providing service to their communities and applying their talents and knowledge to improve the lives of others. The National Scholarship Program hopes to create a network of future leaders from around the world who will bring new vision and commitment to improving the life circumstances of citizens in their respective countries. Over time, it is anticipated that National Scholarship Program Scholars will become

leaders in helping to address global problems related to health, equity, technology, and learning - all areas in which the Foundation is deeply engaged.

The National Scholarship Program has been instituted because of rising costs of college and university education, ever more students have to apply for scholarships to strengthen their financial support in order to fulfill their dreams of higher education.

Regulation:

We wish you success in your pursuit of a scholarship and grant assistance and in achieving your academic goals. If you receive a scholarship you must obtain 85 percent marks in each semester / annual examination. If you receive an award for the semester / academic year but do not obtain 85 percent marks in the examination during the first semester / year and subsequent examinations, your award will be automatically cancelled for the next semester / year. You may reapply for award consideration in the next academic year / semester.

The National Scholarship Program offers the following scholarships for their future studies. Scholarships are awarded on the basis of academic performance in the qualifying exam.

Scholarships are fee reduction on the published student's Tuition fee for a particular course. Scholarship available to students is as follows:

If you have scored more than 95% in the qualifying exam, you will be awarded 100% fee waiver of tuition fee and Free Study Material!

No test required.

If you have scored between 85% and 94% in the qualifying exam, you will be awarded 50% fee waiver of tuition fee and Free Study Material!

No test required.

Our Scholarship Scheme

If you have scored between 50% and 84% in the qualifying exam, you have the opportunity to earn upto 25% waiver of fees as Scholarship on need-cum Merit basis by appearing for the General Aptitude Test (GAT).

Scheme of Examination

The General Aptitude Test (GAT) comprises two tests namely Mental Ability Test (MAT) and Scholastic Aptitude Test (SAT). Each Test comprises 20 multiple choice type questions which are to be attempted in duration of 30 minutes.

- ▶ Each question will be provided with four alternatives marked as (a), (b), (c) and (d). Out of these, only one correct or most appropriate answer should be selected and marked on the question paper.
- ▶ Each question shall carry one mark.
- ▶ There will be negative marking for incorrect answers. $\frac{1}{4}$ marks will be deducted for each incorrect answer.
- ▶ The medium of the test will be English only.
- ▶ Candidates should bring black ball point pen to the examination centre for marking responses (darkening the ovals) on question paper. Use of pencil is not allowed.
- ▶ No request for rechecking, reevaluation, re-assessment or scrutiny of Question Paper will be entertained.
- ▶ Calculator, Slide rule, electronic diary, pager and mobile phone are not allowed inside the Examination Centre.

- ▶ For those who are unable to appear in the test on the scheduled date for any reason, retest will not be held by the National Scholarship Examination body under any Circumstances. No refund of fee is permissible.

Deadline & Notification of Award

Academic Session: Priority will be given to those students applying on or before July 30 for the Academic Session. Scholarship recipients will receive an award letter during the month of August. Applications received after this date will only be considered if funds are still available.

Calendar Session: Priority will be given to those students applying on or before February 25 for the Calendar Session. Scholarship recipients will receive an award letter during the month of March. Applications received after this date will only be considered if funds are still available.

Incomplete Applications will not be considered

Syllabus For General Aptitude Test (GAT)

The General Aptitude Test comprises two tests namely Mental Ability Test(MAT) and Scholastic Aptitude Test (SAT) as under:

MENTAL ABILITY TEST (MAT):

MAT will consist of 20 questions as follows:

- (a) General Knowledge (5 questions)
- (b) Mental Ability (10 questions)
- (c) English (5 Questions)

General Knowledge (1 Question from each topic)

Famous books and authors, Important Inventions and discoveries, Sports International & National figures, Current National Affairs and Awards, Honours & Prizes

Mental Ability (1 Question from each topic)

Analogy, Alphabet Series, Number Series, Blood Relations, Direction Sense Test, Coding Decoding, Comparison of Ranks, Calendar & Clocks, Insert the missing one, Mathematical Operation

English (1 Question from each topic)

Parts of Speech, Spelling Test, Synonyms, Antonyms, Spotting errors

Note: Diploma & certificate course student appear only in Mental Ability test (MAT) no need to appear in Scholastic Aptitude Test

The National Scholarship Program offers the following scholarships for their future studies.

15% fee waiver on the tuition fee and free study material given to the dependents of Central/State Govt./Defence/Public Sector Employee whose monthly family income is below Rs. 10,000/- (supporting documents to be enclosed to avail this facility)

15% fee waiver on the tuition fee and free study material given to the SC/ST/OBC students, whose monthly family income is below Rs. 10,000/- (Supporting documents to be enclosed to avail this facility)
No Test Required

Scholastic Aptitude Test (SAT)

SAT will consist of any two options in your stream as follows : (20 Questions)

- (a) Arts & Commerce students: History, Geography, Civics, Mathematics, Statistics (10 question each subject)
- (b) Science & Computer Science Students: Mathematics, Physics, Chemistry, Biology, Electronics, Computer Fundamental, MS-Office, C Programming (10 questions each subject)
- (c) Management Students: Business Aptitude, Quantitative Aptitude & Numerical Ability (10 questions each subject)

Physics (10 Questions)

Measurement in Science and Technology, Motion, Force, Gravitation, Work and Energy, Heat, Wave Motion and Sound, Reflection and sound, Refraction of Light, Electric Field, Electric Current and Potential Difference, Heating, Chemical and Magnetic Effects of Current, Source of Energy, The Sun and Nuclear Energy, Exploring Universe, Space Exploration.

Chemistry (10 Questions)

Nature of Matter, Structure of Atoms, Classification of Elements, Chemical Bonding, Chemical Reaction, Rates of Chemical Reaction and Chemical Equilibrium, Metals and Non-Metals,

Some Important Chemical Compounds, Coal and Petroleum, Carbon Compounds.

Biology (10 Questions)

Cell and cell Structure, Tissues in Plants and Animals, Diversity in the Living World, Food, Nutrition and Health, Human Diseases, Our Natural Resources, Food Resources: Crop Production, Food Resource: Sustainable Agriculture, Food Resources: Animal, Our Environment, Nutrition and Respiration, Transportation and Excretion, Control and Coordination, Reproduction, Heredity and Evolution, Environment and environment Problems

History (10 Questions)

World: Some Developments, British Policies and Indian Uprising, Congress, New Spirit and Muslim League, Towards Mass Involvement, Struggle for independence from British Rule, Partition and Independence, Democratic Republic, Integration and international Relations, Natural Heritage, Archaeological Heritage, Living Heritage, Preservation of Heritage.

Geography (10 Questions)

The Location Setting, Relief, Climate, Drainage, Natural Vegetation and Wildlife, Population, Land and Soil Resources, Forest and Water Resources, Agriculture, Mineral and Energy Resources, Manufacturing Industries, Transport, Communication and Trade.

Civics (10 Questions)

Framing of the Constitution, Salient Features of the Constitution, Government: Executive, Legislature, Judiciary in India, Fundamental Rights, Directive Principles of State Policy and Fundamental Duties, Indian Democracy: How it Functions, Economics Development, Towards Liberalisation and Globalisation, Major Challenges before the Indian Economy, Consumer Awareness, Social Development and Concerned issues, Dynamics of Human Development, Challenges of Communalism and Casteism, Insurgency and Terrorism, India's Peace Initiatives

Economics(10 Questions)

Basic of Economics, Theory of Employment, Market forms, National Income, Distribution, Money, Banking, National & International Financial Institutions, Public Finance.

Mathematics (10 Questions)

Number System, Algebra System, Commercial Mathematics, Geometry, Mensuration, Trigonometry, Statistics, Co-ordinate Geometry, Miscellaneous Exercises

Electronics (10 Questions)

Semiconductor Electronics, Electronics Devices, Analog integrated, circuits, Op-Amps, Comparators.

Computer Fundamental (10 Questions)

Hardware, Software, evolution and generations, stored-Program machines Secondary storage devices and their features. Evolution of software - software characteristics - Software components - Software applications - Software myths - Software Engineering Paradigms - A generic view of Software Engineering. Management of resources, User interface, Utility software, batch processing, Multiprogramming, features of DOS and WINDOWS operating systems. COMPUTER APPLICATIONS: Commercial data processing, office automation, industrial applications, computer aided design - Computers in medicine.

MS-Office (10 Questions):

WORD: Working with word document - Moving, correcting and inserting text - Printing a document - Editing a document - Selecting and copying text Formatting - Changing margins, line spacing, text alignment, font and font size Indenting - Inserting page numbers and breaks - Using tables and graphics Creating tables - Auto formatting table text - Inserting, moving and resizing pictures - Spell checking
EXCEL: Building worksheet - Selecting worksheet items - Using autofill Adding and removing rows and columns - Copying formulas - Naming ranges Using functions - Improving the appearance of worksheet - Changing column width - Formatting text and numbers - Using auto format - Spell checking - Using chart wizard - Creating, enhancing and printing a chart.

C Programming (10 Questions):

Constants, Data types, Variables, Operators and Expressions, Control Flow if, if else, switch, for and while statements and functions.
Array and pointers, Structures and Unions, Input and Output in C, Preprocessor directives, Bit wise operators and Bit-fields, Data Structures Linked Lists, Stacks, Queues, Trees, Graphs, Searching and Sorting Algorithms.

Business Aptitude (10 Questions):

Glossary of Capital Market, General Corporation Awareness, Indian Industries, Latest Development in Economic Structure, Brands and Companies, Punch lines, Important Economic Abbreviations, Top Official of Major Indian Companies, Information about Business World, Latest Books and Authors

Quantitative Aptitude & Numerical Ability (10 Questions):
Arithmetical Operation: HCF & LCM, Fractions, Square Root, Average, Ratio & Proportions, Percentage, Profit & Loss, Simple and Compound Interest, Mensuration, Clock.

UG Programmes

| S. No. | Programmes | Eligibility | Duration | Tution Fees Per Annum (in Rs.) |
|--------|---|--|----------|--------------------------------|
| 1 | Arts, Commerce and Mass communication Stream BA (English/ Hindi/ Economics/History/ Sociology / Cooperative/Tourism Management / Public Administration/ Economics / Mass Communication) | A pass in 12th or its equivalent | 3 years | 7500.00 |
| 2 | Bachelor in Commerce (B.Com) | A pass in 12th or its equivalent | 3 years | 8500.00 |
| 3 | Bachelor in Social Work (BSW) | A pass in 12th or its equivalent | 3 years | 8000.00 |
| 4 | Management Stream Bachelor in Business Administration (BBA) | A pass in 12th or its equivalent | 3 years | 16500.00 |
| 5 | Bachelor in Business Management (BBM) | A pass in 12th or its equivalent | 3 years | 20000.00 |
| 6 | Science stream B.Sc. (Maths/Statistics/ Physics/Chemistry/ Botany/Zoology/Microbiology/Biochemistry,) | A pass in 12th in relevant field or its equivalent | 3 years | 15000.00 |
| 7 | B.Sc. Biotechnology | A pass in 12th or its equivalent | 3 years | 19500.00 |
| 8 | Information Technology Stream B.Sc.(Computer Science / Information Technology) | A pass in 12th or its equivalent | 3 years | 17500.00 |
| 9 | Bachelor of Computer Application (BCA) | A pass in 12th or its equivalent | 3 years | 18000.00 |
| 10 | Hotel Management Stream B.Sc.(Hotel Management & Catering Technology) | A pass in 12th or its equivalent | 3 years | 25000.00 |
| 11 | Paramedical Stream B.Sc. (Medical Laboratory Technology) | A pass in 12th or its equivalent | 3 years | 22000.00 |
| 12 | B.Sc. (Optometry) | A pass in 12th or its equivalent | 3 years | 25000.00 |
| 13 | B.Sc.(Hospital Administration) | A pass in 12th or its equivalent | 3 years | 22000.00 |
| 14 | Fashion Design Stream B.Sc.(Fashion Design / Textile Design / Interior Design) | A pass in 12th or its equivalent | 3 years | 20000.00 |

PG Programmes

| S. No. | Programmes | Eligibility | Duration | Tuition Fees Per Annum (in Rs.) |
